NOTICE OF PRESENTATION

BROWNFIELDS GRANT APPLICATION TO THE U.S. EPA

At this presentation there will be a Brownfield's grant application overview and discussion about redevelopment initiatives and concerns for individual communities. Known or suspected Brownfield sites in communities will be discussed for redevelopment and community needs will be reviewed. Participants will be informed about what is needed for a successful Brownfield's grant application, including factors of unemployment, environmental concerns (high blood lead levels for instance), under-education, and concerns with access to medical care, and affordable housing. Discussions about letters of support to submit with the grant application and what might be needed in terms of creating a Brownfield Advisory Committee if the Brownfield's grant application is successful. Presentation about the grant application timeline will be included along with next steps needed.

A Quorum of the Jefferson County Economic Development Consortium may be present but no action will be taken.

"Individuals requiring special accommodations for attendance at the meeting should contact the County Administrator at 920-674-7101 24 hours prior to the meeting so appropriate arrangements can be made."
