August 9, 2013

Summary meeting notes from the discussion about the Watertown Clean Sweep collection event. Meeting held August 6, at the Emmet Town Hall.

Sharon Ehrhardt representing Jefferson County, Rick Schultz, Superintendent of Watertown Street Department, and Mark Heal, Account Manager of Veolia Environmental Service, provided a summary of what a Clean Sweep program is and detailed the Watertown clean sweep event.

There was discussion of the level of interest the Dodge County Towns and Municipalities might have in participating in the Watertown Clean Sweep.

Officials had questions about the potential costs, which Mark Heal indicated would vary depending on the materials brought to the event. Essentially, Watertown would ask for a \$10 registration fee in addition to the cost of the materials, which cannot be determined ahead of time.

Participants asked the Dodge County Extension office to develop identification cards they could provide to their residents, in addition, they want to bring Clean Sweep up at the next Towns Unit meeting.

Officials present were asked to bring Clean Sweep up at a future Town or Village meetings.

Respectfully submitted

Jeff Hoffman
Dodge County UWEX
