INDIVIDUALS REQUIRING SPECIAL ACCOMMODATIONS FOR ATTENDANCE AT THE MEETING SHOULD CONTACT THE COUNTY ADMINISTRATOR 24 HOURS PRIOR TO THE MEETING AT 920-674-7101 SO APPROPRIATE ARRANGEMENTS CAN BE MADE.

Definition of Partners and Sponsors

Partners

Jefferson County partners consist of businesses, cities, villages, towns and state agencies with which we have written agreements.

Examples: DEA agreement to have drug disposal boxes in our Sheriff's and county police departments.

MOU's (Memorandum of Understanding) for our Clean Sweep and recycling programs.

Contracts such as Deer Track Park Landfill, Veolia and URT. These contracts are needed to running our Clean Sweeps and recycling program.

DATCP because of the signed grant agreement.

Sponsors

A sponsor is someone who donates monies to the Clean Sweep and recycling program. These monies are used for disposal, supplies, advertising and educational promotions.

We talked about levels of donations.

Here are some to consider:

Diamond \$20,000 plus

Platinum \$15,000 plus

Gold \$10,000 plus

Silver \$5,000 plus

Bronze \$1,000 plus

Copper for everything below \$1,000

Please review my suggestions before the meeting.

Jefferson County Solid Waste Committee - Mission Statement

The mission of the Jefferson County Solid Waste Committee is to address solid waste needs by operating hazardous waste removal programs, overseeing the County's interests in landfill siting processes and promoting recycling and related waste reduction effects

We need to revise the mission statement to address education and our Clean Sweep recycling programs.

Example:

The mission of the Jefferson County Solid Waste/Air Quality Committee is to address solid waste needs by operating hazardous waste collection programs, overseeing the County's interests in landfill siting processes and promoting recycling and education programs to reduce, reuse, recycle and repurpose all wastes.

Another Example from AROW Education Committee

Jefferson County Solid Waste Committee - Mission Statement

"The mission of the Jefferson County Solid Waste Committee is to address solid waste needs by establishing and maintaining hazardous waste removal programs, which complement the County's interest to improve landfill sites' processes by educating target demographics about recycling and related waste reduction efforts."

Please let me know if I can help with further messages. From my schooling and previous work experience, this is a favored area for me 😊

Thank you,

Kyle

E-Cycle Wisconsin Stakeholder Meeting

Wednesday, May 7, 2014

9:00 a.m. to 4:30 p.m.

Pyle Center, Madison, Wisconsin

Hosted by: UW-Extension Solid and Hazardous Waste Education Center
and the Wisconsin Department of Natural Resources

The challenges of effectively managing e-waste in Wisconsin are many and the opportunities to come together and talk about them are few. Join recyclers, collectors, manufacturers and governments for a day of discussion, collaboration and idea-sharing that may inspire new solutions to e-waste problems and will help guide the Department of Natural Resources in effectively managing the E-Cycle Wisconsin program. A full agenda includes a keynote address by Cascade Asset Management's CEO Neil Peters-Michaud, a registered recycler panel, a registered collector panel and a feedback session on future directions for the E-Cycle Wisconsin program. Please join us and share your perspective.

To register click **here** or call 608-265-9585
Register by April 30, 2014

\$20 fee is transferable but non-refundable. Travel stipends are available if needed.
Email amalia.baldwin@wisconsin.gov or call 608-267-7594 to discuss the stipend.
