Reese asked Ross that if he builds over the septic area, what he would do for bathrooms in the office area. Ross and Klotz explained that the office would only be used for signing contracts and the building would not have any bathrooms or water. All of those facilities would be abandoned.

Town Response: Klotz read the Town response into the record and it is in the file.

Staff Report: Staff report given by Robert Klotz and now on file in the Zoning Department.

R3829A-15 & CU1843-15 – Philip & Sandra Bittorf: Rezone 3.2 acres of PIN 018-0713-0614-000 (40 Acres) with conditional use for a highway warning sign business at **N7103 Stoney Creek Road** in the Town of Lake Mills.

Petitioner: Attorney Andy Rumpf, 152 West Main Street, Cambridge WI 53523 represented the Bittorfs. Rumpf explained that the petitioners would like to rezone and obtain a conditional use permit for contractor's equipment and materials. He explained the business operations and areas to be utilized. Rumpf explained the areas proposed for outside storage with the hours of operation to be M-F 7am-8pm, Sat 7am-5pm and Sun 9am-Noon. They are using existing buildings.

Philip Bittorf, N7103 Stoney Creek Road – Bittorf explained what his business entails, what they do and when they do it. Bittorf explained that he was running the same business from his previous residence in Dane County and stated there weren't any issues with his neighbors there. He explained the reason for moving to Jefferson County and that he hopes to continue to live and work within Jefferson County. He addressed several concerns from the neighbors that were discussed at the Town of Lake Mills meeting such as noise, safety, truck traffic, property values, etc.

Attorney Rumpf rebutted the statements from the opposition. Rumpf explained that the operation is on a dead end road that is between the interstate and a county road. He stated it is a rural area and the Bittorfs' business is similar to any other contractor's such as electrical, excavator, etc. Rumpf stated that there are other uses permitted in the agricultural district that could be considered more offensive than the Bittorfs' business. He stated that the previous owners had a horse stable with people coming and going all the time. Rumpf stated that the hours of operation proposed are similar to other operations such as this and they believe those are reasonable. He mentioned that the buildings themselves are natural screens and the property is well maintained. Rumpf explained the weighting black rings and possibility a truck for loading being outside on the property. Rumpf stated the hours of operations again (M-F 7 am to 8 pm, Sat 7 am 5 pm, Sunday 9 am to noon) and stated that these are acceptable times to allow noise in most municipalities. He stated they are utilizing pre-existing buildings and not taking agricultural lands out of production. In closing he stated that all of the buildings and a parking area are 15 feet off property lines, buildings are taller than 6 feet and they believe hours of operations are reasonable.

In response to Klotz's question about bathrooms, Bittorf explained that the building on the top of the hill does have a restroom and the septic serves the building and the residence.

Mike Donnelly, N7154 Stoney Creek Road, Lake Mills, WI – Donnelly said he heard the petitions that were read into the record and wanted to add a couple of additional concerns. Donnelly stated since he didn't know where Bittorf operated in Dane County, we don't know what he was zoned or how he operated. Donnelly stated that their attorney did a limited research but he couldn't find any business

similar to this commercial request. He said there may only be a handful of contractors' storage operations in the County. He feels that the A-2 rezoning request should be denied. Klotz explained the process for rezoning to all and explained appeal rights to the audience. Donnelly asked that all equipment be stored inside. He requested that the hours of operation be similar to what the Town of Lake Mills requested which is M-F 7am to 8pm, Sat 8am to 5pm and no Sundays. Donnelly stated that Stoney Creek Road has sight limitations on it and the truck traffic should go 25 mph. He also would like Midstate Traffic to be respectful of their neighbors with noise.

When they moved in there were only 4 houses on the road. Magnoni explained why she moved to the area and expressed her concerns about living by a commercial enterprise. Magnoni stated she is in opposition to the Bittorfs' proposal.

John Phillips, N7072 Stoney Creek Road, Lake Mills, WI – Phillips explained that Stoney Creek Road has many dangerous curves. He submitted air photos with other photos and explained them to the Committee. He doesn't believe commercial traffic is a good fit for the neighborhood.

Linnea Phillips, N7072 Stoney Creek Road, Lake Mills, WI – She explained that she is a stay-at-home mom and has seen a difference in the traffic since the Bittorfs moved in. Phillips stated she does not feel secure as she once did with the traffic on her road. She does not know the workers. She explained concerns about her children being at home in the summer when it is the busy time for the Bittorfs' business.

Paul Hynek, W9501 Britzke Road, Cambridge, WI – Hynek stated that he is an BOA alternate and agrees with most of the letters that were submitted. He stated that the question is whether this use is allowed in the A-2 zone. He stated that storage of contractor's equipment is quite broad. Peter Muchka, N6851 Stoney Creek Road, Lake Mills, WI – Muchka is opposed to the rezone. He explained his reasons for opposition. Muchka submitted photos and explained them to the Committee.
